Please stop favoring large corporations and conglomerates with your policies.

Keep the laws in tact to prevent cross ownership of newspaper and radio/television.

Please limit the number of TV and Radio stations that one company can own to three.

Please mandate that all TV and Radio licencees must offer free ads to all candidates running for public office. A television station is licensed to serve the public so make them do that.

Allow microbroadcast radio. The airwaves belong to the public. DO WHAT THE PUBLIC ASKS NOT THE CORPORATIONS!!!!!!

Charge each licensee a percentage of their gross revenue to fund public radio and television stations.

DO IT NOW!!!!!!
